

Appendix B: (Corresponds to Section 6
on the Novartis Voluntary Monitoring
Study of Surface Water Source CWSs)

Sub-Appendix B-1: EFED generated 1994-1998 annual mean atrazine concentration cumulative exceedence curves (based upon data from the Novartis Voluntary Monitoring Study on surface water source CWSs). The percentiles are based on the percentages of CWSs with equal or lesser concentrations.

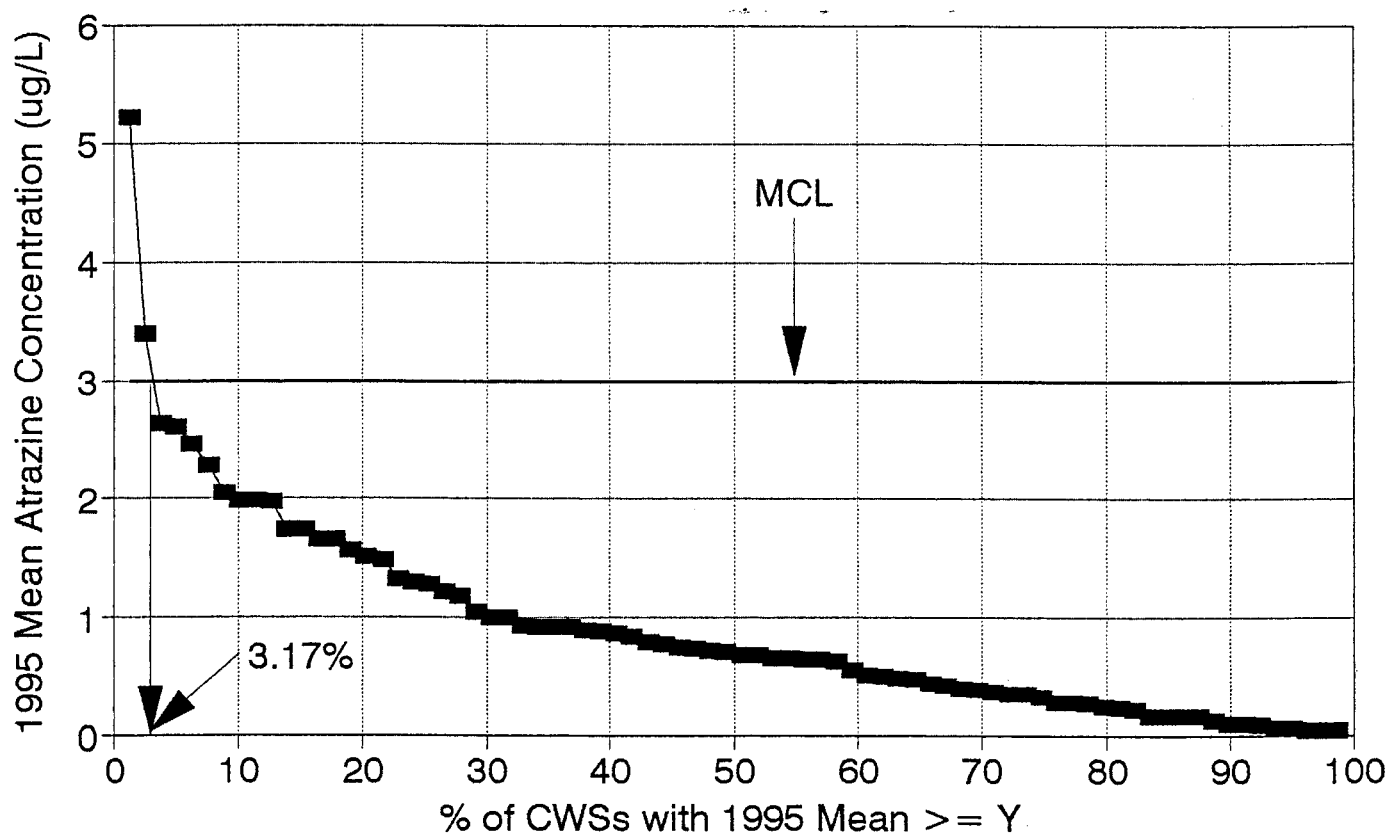

VMS 1994 Atrazine Means

0-100% CWS Cum. Exceed. Curve (n=59)

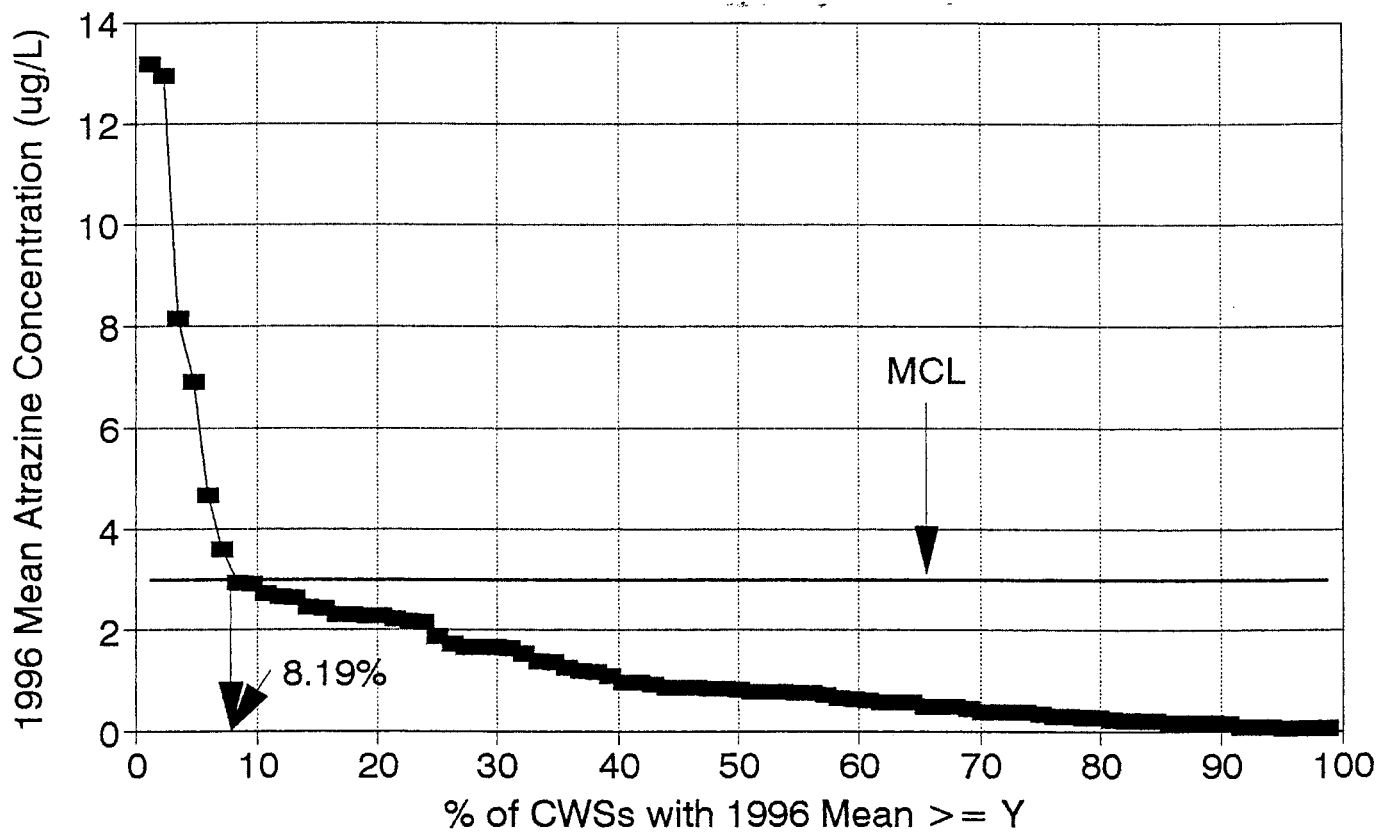

VMS 1995 Atrazine Means

0-100% CWS Cum. Exceed. Curve (n=78)

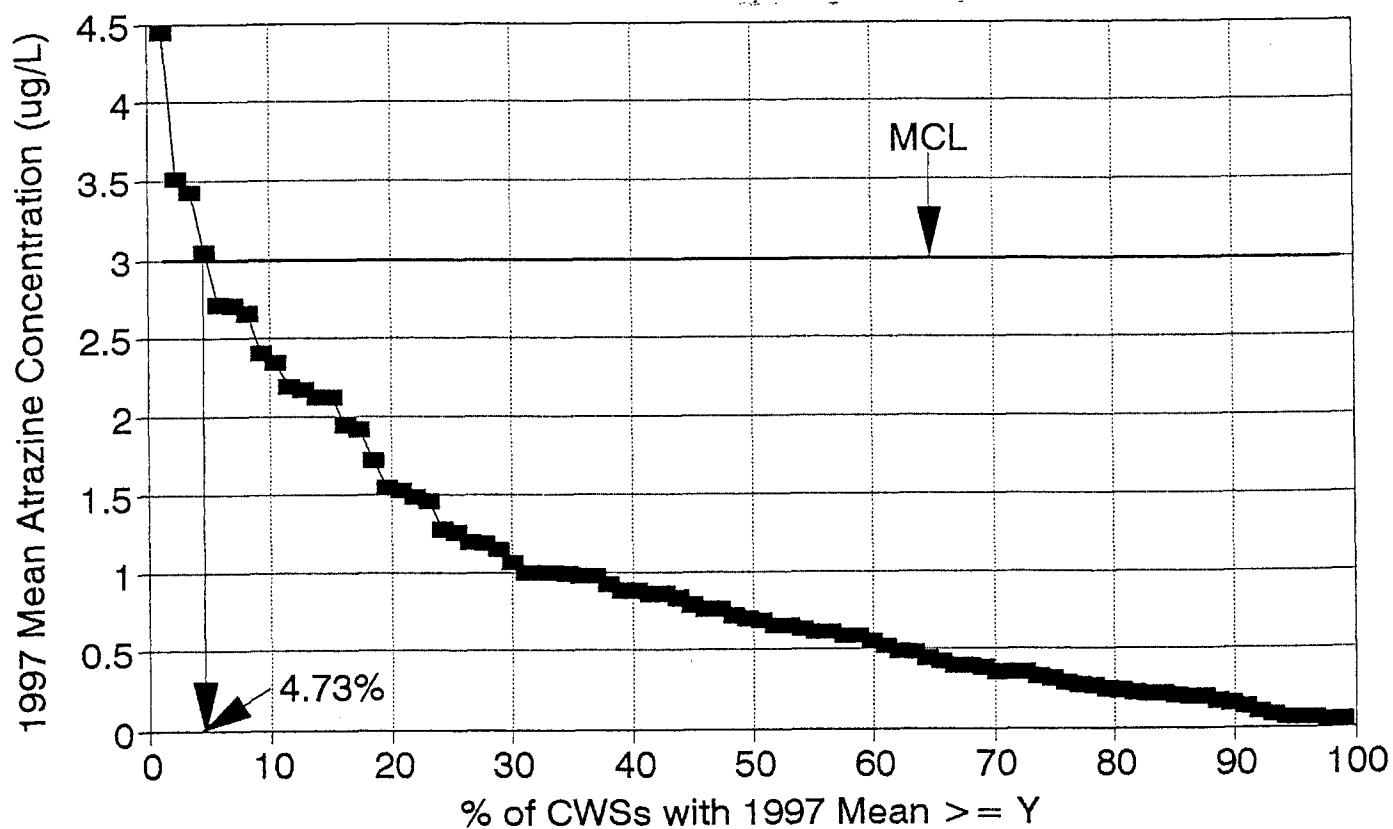

VMS 1996 Atrazine Means

0-100% CWS Cum. Exceed. Curve (n=83)

VMS 1997 Atrazine Means

0-100% CWS Cum. Exceed. Curve (n=86)

VMS 1998 Atrazine Means

0-100% CWS Cum. Exceed. Curve (n=88)
